

**Environmental Policy Statement**

We are committed to the prevention of pollution and continual improvement of our environmental performance. These objectives will be documented, allocated targets and periodically monitored and reviewed through 'audit programmes'. The results of which are communicated throughout the company and to our clients, suppliers and contractors, local organisations, local residents where appropriate.

As a company, we are committed to ensuring that we:-

- Work towards implementing an environmental management system that complies with the requirements of BS EN ISO 14001, as defined within the scope of our EMS.
- Strive to integrate environmental best practice into our business operations.

- Co-ordinate deliveries and business mileage so as to maximise fuel efficiency.
- Use energy, water, materials and other natural resources as efficiently as possible, giving particular regard to the long term sustainability of consumable items.
- Give appropriate consideration for the environment in the goods and services we provide to customers.
