

This Health & Safety Policy sets out our arrangements for ensuring good health and safety practices in the workplace in line with the Health & Safety at Work Act 1974 and all other relevant legislation.

Health & Safety Policy Statement Of Intent

It is the intention of the Company to ensure:

- Employees are provided with such information, instruction, training, and supervision as is necessary to ensure their health and safety;
- The working environment of all employees is safe and without risks to health and that adequate provision is made with regard to the facilities and arrangements for their welfare at work;
- Adequate information is available with respect to articles used at work detailing the conditions and precautions necessary to ensure that when properly used they will be safe and without risk;
- The provision and maintenance of plant and systems of work are safe and without risk to health;
- Provision and maintenance of means of access to and egress from any place of work that is safe and without risk;
- Maintenance of all plant, machinery and equipment is safe, not only to all employees, but to any person who may be affected with regard to any premises or operations under our control;
- Arrangements for use, handling, storage and transport of articles and substances for use at work, are safe and without risk to health; and
- This Health & Safety System is reviewed and updated as necessary, and communication of any such changes will be made to all those who are affected.

It shall be the duty of all employees at work:

- To take all reasonable steps to ensure the health and safety of themselves and of other persons who may be affected by their acts or omissions at work; and
- As regard any duty or requirement imposed on them by the employer, or any other person, or under any of the relevant statutory duties, to co-operate with the Company so far as is necessary to enable that duty or requirement to be performed or complied with.
